

WARNING!

Biblical studies have shown that belief and worship of the Christian god can cause disembowelment of pregnant women [2 Kings 15:16], mincing of fetuses [Hosea 9:16], smashing of babies against stones [Psalms 137:9] and other forms of god-commanded infanticide.

Samaria shall become desolate; for she hath rebelled against her God: they shall fall by the sword: their infants shall be dashed in pieces, and their women with child shall be ripped up.” [Hosea 13:16]

If you are pregnant or nursing do not read or handle the Bible per risk of serious and potentially fatal side effects. Talk to your doctor if you are experiencing hallucinations of a higher power. Or, in the very least, find a deity who doesn't lust after the blood of the innocent.
